Climate Change 2016

April 6, 7:00-8:30 p.m.

Pere Marquette District Library
Lower Level
185 E. 4th Street
Clare, MI

Sponsored by Mt. Pleasant Citizens' Climate Lobby/Education

Do you want to stop global warming?

We need citizens like **you** to help us

Put a Price on Carbon

www.citizensclimatelobby.org

Citizens' Climate Lobby is a nonpartisan, nonprofit organization that can empower you to become an advocate for a livable world. Our thousands of volunteers across the country promote:

Carbon Fee and Dividend

A climate solution that's simple, fair, and market-friendly

- Place a fee on fossil fuels at the source (mine, well or port)
- Return 100% of the revenue to U.S. households
- Apply a border adjustment to discourage businesses from relocating to where they can emit more CO₂ and to encourage other nations to adopt an equivalent price on carbon

Stabilize the Climate and Boost the Economy

- Cut greenhouse gas emissions by 50% in 20 years
- Create 2.8 million jobs, boost our GDP and save 200,000 lives
