

RE Garden Care Sign-Up

Spend part of your Sunday watering, weeding, and showing our RE Garden some love! All produce will go to the Isabella Community Soup Kitchen, and children will get to see their hard effort result in (hopefully) lots of veggies! To sign up for a Sunday, please visit

Please see the following page for instructions on how to water the garden. If you have any questions, feel free to give Kendra a call/text at 517-575-9848. :)

The spout for the hose is behind the bushes on the wall to the left of the church entrance.

The hose that connects to the spout gets connected to the second hose lying in the garden or behind the bushes on the right side of the church entrance.

This second hose will reach the garden, and the end might be tucked behind these bushes. You can control the water pressure with the attachment at the end of the hose. All the boxes have veggies, and all will appreciate a nice long drink! When you're finished, please turn off the water, unhook the hoses, and return them to where they were.... And thank you so much for helping our garden grow!
